

## What does a school counselor do?

### Help students...

- Work out friendship problems
- Learn how to control behavior
- Deal with bullying
- Setting and achieving goals
- College and career planning
- Work on study skills and improve academic performance
- Adjusting to a new school
- Deal with grief & loss or crisis intervention

### Help parents and teachers...

- Find more ways to help students succeed
- Improve parent-child or student-teacher communications
- Supply reference materials on a variety of topics
- Provide information to help understand student special needs
- Discuss college and career readiness

## How do I meet with the school counselor?

- Your teacher can ask the counselor to see you
- Your parents can ask the counselor to see you
- Ask your teacher if you can meet with the counselor
- Stop by the counseling office between classes, during lunch, or before or after school

## School Counseling Goal:

To provide comprehensive services to all students, making a holistic impact on student success. The school counselor will address academic, personal/social, and college/career development of students through individual, small group, large group, and school-wide programs. The school counselor will assist in helping all students reach their highest potential and help them feel confident and succeed in all areas of life.
