Rogers City, MI 49779

Steven Kowalski, Elementary Principal

Telephone (989) 734-9100 or 734-9150

October 2, 2026

Dear Parent/Guardians:

As you are well aware, Rogers City Area Schools is a Title I district. This allows us to intervene with students that need support in reading and mathematics. The interventions that we include, but do not limit ourselves to are Delta Math, Really Great Reading products, Read Naturally, Reading Mastery, UFLI, Heggerty, and Sound Parter. We monitor our students by using a Delta Math screener, an Acadience assessment, Running Records, letter grades, NWEA results, and/or MSTEP scores.

With that being said, we are always looking for input from you to improve our Title I program. If you have any ideas on how to do so or are looking to review the program in person, I will gladly listen to your ideas and analyze it with you. I would even be willing to take a look at the program and school/district improvement plan(s) annually upon request. We will also hold, in the elementary school, a parental Title I annual meeting during fall conferences. This meeting will cover general education curricula and information about our Title programming. This will also be a chance for you to give your input on a survey about our Title program.

Our Title program is very strong within our district. Our staff works very hard and methodically to ensure our students are at a benchmark level in reading and mathematics. Again, feel free to contact me with any questions or input. I can be reached 989-734-9100 ext. 402 or via steven.kowalski@rcashurons.org.

Sincerely,

Mr. Steven Kowalski
Elementary Principal & RCAS Federal Funds Director
