SEPTEMBER MEAL INFORMATION

For the month of September, families will be responsible for meal charges unless their student currently qualifies for free or reduced-price meals. Rogers City Area Schools, in partnership with St. Ignatius School, is working through the application and approval process to make St. Ignatius students eligible for Michigan's nonpublic school free meal program. We are hopeful that this opportunity will become available to our families, but approval is not guaranteed, and there are several requirements that must be completed before eligibility can be determined. If approved, the earliest free meals could begin would be October. Families will be notified as soon as we receive an update regarding the program.

SEPTEMBER PRICING
