Social Distancing Practices for Rogers City Area Schools Employees

On April 3, 2020 Rogers City Area Schools enacted the *Social Distancing Practices* for employees coming into the district buildings. These pre-approved employees are necessary to conduct minimum basic school operations per Governor Whitmer's Executive Order 2020-35. Employees must follow the following social distancing practices and other mitigation measures:

1. The number of employees in a district building is restricted to no more than is strictly necessary to perform the activities authorized.
2. Employees should utilize remote work to the fullest extent possible.
3. All employees in a district building **MUST** stay at least six feet from one another to the maximum extent possible.
4. District building cleaning and disinfection has been altered to eliminate COVID-19 germs. New protocols on how to clean and disinfect in the event of a positive COVID-19 case in the district building has been prepared.
5. Employees are **NOT** permitted to enter a district building if they display respiratory symptoms or have had contact with a person who is known or suspected to have contracted COVID-19.
6. All other measures recommended by the Center of Disease Control and Prevention shall be adhered to.
